

A Song of Dynamics

**Theodore F. Seward
(1835-1902)**

Theodore Frelinghuysen Seward (1835-1902) was born in Florida, Orange County, New York, second cousin of U. S. Secretary of State, Senator, and NY Governor William H. Seward. He studied music under Lowell Mason and Thomas Hastings. He held organist positions in New London, Connecticut, and in Rochester, New York, before moving to New York City. His wife was a well known poet and activist Mary Holden Coggeshall Seward. He managed performances of the Fisk Jubilee Singers, wrote down more than one hundred of their plantation melodies, and toured Europe with them. He became interested in the British system of musical instruction and worked to establish the Tonic sol-fa system in the U.S. He wrote and lectured on the subject, taught the system in classes and public schools, and prepared a series of textbooks. He was the founder of the American tonic sol-fa Association, and of the American vocal music association. He also founded the Brotherhood of Christian Unity and the Don't Worry Club. He died in East Orange, New Jersey.

A song of dynamics let us sing;
A song of dynamics, we will sing,
From the soft to the loud make it ring.
M is for *mezzo*, medium, moderate,
F is for *forte*, loud and strong;
Double F *fortissimo*,
Louder still and stronger;
Then *diminuendo* to the end;
P for *piano*, gently now,
Then *pianissimo* soft and low,

Then sing *crescendo*, loud and strong,
Then *diminuendo* to the end;
Swell each tone.
Then all *legato* smoothly we'll sing;
And then we'll sing *staccato* ha, ha, ha,
And end our song with laughing,
What a merry time we're having with our ha, ha, ha, ha, ha!

TERMS OF USE

These editions are available as a service to the choral community, offering inexpensive access to public domain literature. Choir resources can purchase other literature still under copyright, especially to support those creating and publishing new compositions and arrangements. These editions have been created using public domain sources under U. S. copyright law. Out of respect to the research, time and effort invested:

- please print and issue an edition in its entirety, retaining notices, attributions, and logos.
- please do not consider this edition a source for creating another edition.

If performed, sending a copy of the concert program would be a valuable affirmation. If recorded, notification and attribution would be appropriate professional courtesies and a copy of the recording would be greatly appreciated!
